

WFLF Humanion Films
 FOR IMMEDIATE RELEASE
 24TH JULY, 2009

PRODUCTION NEWS:

“Saving America’s Horses” is at an exciting point in production. Many of the expert interviews are completed and acquisitions for artful B Roll footage are well underway. The next phase of production will include shooting footage of the horses on location and conducting a few more very exciting interviews.

WFLF Humanion Films is grateful for contributions, financial and in-kind support provided by Animal Law Coalition, American's Against Horse Slaughter, Animals Angels, Equine Welfare Alliance, Kaufman Zoning, IMA Studio Films, Humane Farming Association, MidAtlantic Horse Rescue, Beauty’s Haven Farm & Equine Rescue, HSUS and others.

We are currently seeking funding through public [donations](#). Donations go directly toward horse rescue and education. “We are sincerely honored for the strong showing of support and all donations are appreciated. Without the support of caring humanitarians animal supporters like you, we would not be able to bring this film to the public’s attention, expose the truth and raise the public outcry needed to end this cruelty,” says filmmaker, Katia Louise.

"Saving America's Horses" is crucial in raising awareness for federal legislation that would ban the slaughter and export of our American horses. The film will undoubtedly persuade public outcry to end this brutal and inhumane practice."
 – Debra Lopez, Co- Founder AAHS, Associate Producer, “Saving America’s Horses”
